CONTINUING CONNECTED TRANSACTIONS

(1) RENEWAL OF FRAMEWORK AGREEMENT

FOR THE PURCHASE AND SUPPLY OF CKD COMPONENTS

(2) RENEWAL OF EXCLUSIVE FRAMEWORK AGREEMENT

FOR THE PURCHASE OF DESIGNATED CNC MACHINE TOOLS

The Board is pleased to announce that, on 26 May 2017, the Company and Taiwan FF entered into a conditional CKD Components Agreement, pursuant to which (i) the Group (or the CKD Components Supplier designated by the Company) may supply CKD Components to the Taiwan FF Group (or the CKD Components Purchaser designated by Taiwan FF) for the production of CNC Machine Tools on a non-exclusive basis and (ii) the Taiwan FF Group (or the CKD Components Supplier designated by Taiwan FF) may supply CKD Components to the Group (or the CKD Components Purchaser designated by the Company) for the production of CNC Machine Tools on a non-exclusive basis, for a period of three years commencing from the Effective Date. Furthermore, on 26 May 2017, the Company and Taiwan FF entered into a conditional CNC Machine Tools Agreement, pursuant to which the Group (or the CNC Machine Tools Purchaser designated by the Company) may purchase from the Taiwan FF Group (or the CNC Machine Tools Seller designated by Taiwan FF), which shall, upon receiving the former's request, sell the Designated CNC Machine Tools to it on an exclusive basis, for a period of three years commencing from the Effective Date. Pursuant to the CNC Machine Tools Agreement, the Group (or the CNC Machine Tools Purchaser designated by the Company) has the right to sell such Designated CNC Machine Tools in the Sales Region on an exclusive basis, and the Taiwan FF Group (or the CNC Machine Tools Seller designated by Taiwan FF) shall authorize the CNC Machine Tools Purchaser to sell such Designated CNC Machine Tools in the Sales Region on an exclusive basis.

Taiwan FF is an associate of Hong Kong GF, the controlling shareholder of the Company, and therefore, Taiwan FF is a connected person of the Company under the Listing Rules. The Transactions under the Agreements will be carried out in the ordinary and usual course of business of the Group and are expected to continue and extend over a period of time. The Transactions therefore constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules.

As both Agreements are entered into by the Company with Taiwan FF, the continuing connected transactions contemplated under the CKD Components Agreement and the CNC Machine Tools Agreement will be aggregated for consideration under the Listing Rules and will be classified according to the larger of the supply transaction or the procurement transactions. For the supply transaction with Taiwan FF under the CKD Components Agreement, the highest applicable percentage ratio based on the Proposed Annual Caps thereof is less than 5%. For the two procurement transactions with Taiwan FF under the Agreements, the highest applicable percentage ratio based on the Proposed Annual Caps thereof, on an aggregated basis, exceeds 25% with an annual consideration of over HK\$10 million, which are larger than the supply transaction. Accordingly, the Transactions under the Agreements will be classified according to the higher applicable percentage ratio of the procurement transactions, and all of the Agreements, the Transactions and the Proposed Annual Caps thereunder will be subject to the reporting, annual review, announcement, circular (including independent financial advice) and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules. Hong Kong GF, Sunward Gold Global Investments Limited (a company held as to approximately 72.22% by Mr. Chu) and any of their respective associates will abstain from voting in relation to the resolutions approving the Agreements, the Transactions and the Proposed Annual Caps thereunder at the EGM.

An Independent Board Committee has been established to advise the Independent Shareholders in relation to the terms of the Agreements, the Transactions and the Proposed Annual Caps thereunder. Altus Capital Limited has been appointed as the independent financial adviser to advise the Independent Board Committee and Independent Shareholders in this respect.

A circular containing, among others, details of (i) the terms of the Agreements, the Transactions and the Proposed Annual Caps thereunder; (ii) the respective letters of advice from the Independent Board Committee and Altus Capital Limited; and (iii) a notice convening the EGM is expected to be despatched to the Shareholders on or before 16 June 2017

Background

Reference is made to the announcement dated 22 May 2014 and the circular dated 6 June 2014 of the Company respectively in relation to, among others, the continuing connected transactions under the Former CKD Components Agreement for the purchase and supply of CKD Components between the Company (or persons designated by the Company) and Taiwan FF (or persons designated by Taiwan FF) and the Former CNC Machine Tools Agreement for the exclusive sale of CNC Machine Tools by Taiwan FF (or persons designated by Taiwan FF) to the Company (or persons designated by the Company), and the rights to exclusive sale of Designated CNC Machine Tools by the Company (or persons designated by the Company) in the Sales Region, both entered into between the Company and Taiwan FF on 22 May 2014 respectively. The Former CKD Components Agreement and the Former CNC Machine Tools Agreement will both expire on 26 June 2017. As the Company and Taiwan FF intend to continue to carry out the relevant transactions, the CKD Components Agreement and the CNC Machine Tools Agreement were entered into on 26 May 2017 to renew the above arrangements.

THE AGREEMENTS

(1) CKD COMPONENTS AGREEMENT

Date:

26 May 2017

Parties:

- (1) The Company; and
- (2) Taiwan FF

Summary of principal terms:

(A) *Condition precedent*

The CKD Components Agreement is subject to and conditional upon the approval of the CKD Components Agreement, the Transactions contemplated thereunder and the corresponding Proposed Annual Caps by the Independent Shareholders at the EGM in accordance with the Listing Rules.

In case where the condition precedent cannot be fulfilled on or before 14 July 2017 (or a later date as agreed between the Company and Taiwan FF), the CKD Components Agreement shall be terminated, and, except in relation to any default occurred prior to such termination, none of the parties shall have any rights or remedies against the other thereunder.

(B) *Term of the CKD Components Agreement*

The CKD Components Agreement is for a term of three years commencing from the Effective Date unless (i) earlier terminated by either party by providing to the other party with two months' prior termination notice provided that such termination notice shall not be given within the six months prior to the expiry of the term of the CKD Components Agreement; and (ii) in case a party is in breach of any provision of the CKD Components Agreement, and fails to remedy such breach within a reasonable grace period allowed by the non-defaulting party as stipulated under the written notice of such breach given by the non-defaulting party, the latter may terminate the CKD Components Agreement or any Transactions thereunder, without prejudice to its rights to other compensations and legal remedies.

(C) *Details of the Transactions under the CKD Components Agreement*

- (a) *Supply of CKD Components to the Taiwan FF Group (or the CKD Components Purchaser designated by Taiwan FF)*

Pursuant to the terms of the CKD Components Agreement, the Group (or the CKD

Components Supplier designated by the Company) may supply CKD Components to the Taiwan FF Group (or the CKD Components Purchaser designated by Taiwan FF) for the production of CNC Machine Tools on a non-exclusive basis.

The CKD Components to be supplied by the Group (or the CKD Components Supplier designated by the Company) to the Taiwan FF Group (or the CKD Components Purchaser designated by Taiwan FF) under the CKD Components Agreement will mainly be castings, including the counter balance, etc., which form the outer surface of the CNC Machine Tools.

(b) *Purchase of CKD Components from the Taiwan FF Group (or the CKD Components Supplier designated by Taiwan FF)*

Pursuant to the terms of the CKD Components Agreement, the Taiwan FF Group (or the CKD Components Supplier designated by Taiwan FF) may supply CKD Components to the Group (or the CKD Components Purchaser designated by the Company) for the production of the CNC Machine Tools on a non-exclusive basis.

The CKD Components proposed to be sourced from and those proposed to be sold to the Taiwan FF Group (or the CKD Components Supplier and/or the CKD Components Purchaser designated by Taiwan FF) are of different types. The CKD Components to be supplied by the Taiwan FF Group (or the CKD Components Supplier designated by Taiwan FF) to the Group (or the CKD Components Purchaser designated by the Company) under the CKD Components Agreement mainly comprise the integral components and parts of the CNC Machine Tools including spindle head and table.

The Company may designate any members of the Group and Taiwan FF may designate any members of the Taiwan FF Group as the CKD Components Purchaser or the CKD Components Supplier to perform and shall procure those parties to perform the Transactions under the CKD Components Agreement in accordance with its terms. The Company and Taiwan FF shall undertake and be responsible for the performance of any such Transactions entered into by its respective designated parties. The Company or Taiwan FF shall obtain the prior written consent of the other party if the designated parties are non-members of the Group or of the Taiwan FF Group. The Company (or its designated CKD Components Purchaser and/or the CKD Components Supplier) shall have the sole discretion to determine, according to actual circumstances, whether to source from or supply to Taiwan FF (or its designated CKD Components Supplier and/or the CKD Components Purchaser) any CKD Components or the quantity of which to be so sourced or supplied.

(D) *Delivery and payment arrangements*

For the purpose of any Transaction under the CKD Components Agreement, the CKD Components Purchaser shall send a purchase notice to the CKD Components Supplier specifying, among others, the quantity and delivery time of the CKD Components required 90 days prior to the requested delivery date. Upon receipt of the purchase notice, the CKD Components Supplier shall issue a price quotation to the CKD Components Purchaser, which shall conform with the pricing policies as

agreed under the CKD Components Agreement, within 7 days. The price quotation will become effective and binding upon the written confirmation of the CKD Components Purchaser. All Transactions under the CKD Components Agreement shall be made in accordance with the terms of the CKD Components Agreement and the aforesaid price quotation. Where there are conflicts between the terms of the CKD Components Agreement and the terms of the price quotation, the former shall prevail. The CKD Components Purchaser shall settle the relevant payment for the CKD Components within 30 days after receipt of the relevant CKD Components.

(E) *Price determination*

The price of the CKD Components to be purchased and supplied under the CKD Components Agreement is to be determined by reference to:

- (i) the price quotation for the same type of CKD Components (to be updated quarterly during the term of the CKD Components Agreement, or to be updated in other reasonable intervals as agreed between the Company and Taiwan FF) publicly provided by the CKD Components Supplier to its third party customers independent of the CKD Components Supplier; or
- (ii) in the event that the CKD Components Supplier is unable to determine the price quotation of the CKD Components on the basis stipulated in (i) above for any reason, the reasonable costs incurred by the CKD Components Supplier in producing the relevant CKD Components plus the sales margin adjusted or determined with reference to (a) or (b) below:
 - (a) the historical price quotation of the same type of CKD Components previously provided by the CKD Components Supplier to its third party customers independent of the CKD Components Supplier; or
 - (b) failing (a) above, the price quotation of similar CKD Components offered by third party manufacturers independent of the CKD Components Supplier provided that reasonable adjustments may be made to such price quotation taking into account factors including the difference in the sales region of the CKD Components, whether aftersales services would be provided and whether discounts would be offered due to increase in sales volume.

For the avoidance of doubt, the Group (or the CKD Components Purchaser and/or the CKD Components Supplier designated by the Company) will only purchase or supply the relevant CKD Components from the CKD Components Suppliers or CKD Components Purchasers designated by Taiwan FF on terms no less favourable to the Group (or persons designated by the Company) than those which the Group (or persons designated by the Company) would have obtained from independent third party suppliers or purchasers. The Group will not confirm any price quotation which does not meet such criteria.

Historical transaction amounts and Proposed Annual Caps

The historical transaction amounts in respect of the purchase and supply of CKD Components between the Group (or persons designated by the Company) and the Taiwan FF Group (or persons designated by Taiwan FF) under the Former CKD Components Agreement were as follows (in RMB million):

Relevant financial periods	Historical transaction amounts			
	27 June 2014 to 31 December 2014	1 January 2015 to 31 December 2015	1 January 2016 to 31 December 2016	1 January 2017 to 31 March 2017
For the purpose of supplying CKD Components to Taiwan FF (or persons designated by Taiwan FF)	0.097	1.477	0.206	0.084
For the purpose of purchasing CKD Components from Taiwan FF (or persons designated by Taiwan FF)	23.947	37.332	27.374	10.349

During the term of the CKD Components Agreement, it is projected that the annual aggregate amounts receivable and payable by the Group (or persons designated by the Company), as appropriate, shall not exceed the Proposed Annual Caps in respect of each of the relevant financial periods, the details of which are as follows (in RMB million):

Projected Proposed Annual Caps

Relevant financial periods	Effective Date to 31 December 2017	1 January 2018 to 31 December 2018	1 January 2019 to 31 December 2019	1 January 2020 to 3 years from the Effective Date
For the purpose of supplying CKD Components to the Taiwan FF Group (or persons designated by Taiwan FF)	1.600	3.360	3.850	1.900
For the purpose of purchasing CKD Components from the Taiwan FF Group (or persons designated by Taiwan FF)	45.269	98.213	114.028	67.020

Basis of determining the Proposed Annual Caps

Each of the projected Proposed Annual Caps in relation to the Transactions under the CKD Components Agreement was determined after taking into account factors including the following:

- (i) the positive performance of the Group's CNC Machine Tools business during 2016;
 - CKD Components are the major components required to assemble and manufacture CNC Machine Tools.
 - For the year ended 31 December 2016, the Group's sales revenue from the CNC Machine Tools business increased by approximately 13.1% as compared to 2015.
- (ii) the Group's view on the positive market outlook of the CNC Machine Tools industry;
 - The Group anticipates that the demand for CNC Machine Tools would continue to increase during the term of the CKD Components Agreement. For detailed discussions, please refer to the section headed "*The Agreements – (2) CNC Machine Tools Agreement – Historical transaction amounts and Proposed Annual Caps – Basis of determining the Proposed Annual Caps*".
- (iii) the potential fluctuations in the estimated costs of purchasing CKD Components;
- (iv) the projected breakdown of orders for CKD Components from Taiwan FF for each of the 3 years commencing from the Effective Date; and
- (v) in respect of the Proposed Annual Caps for the provision of CKD Components to the Taiwan FF Group (or the CKD Components Purchaser designated by Taiwan FF) by the Group (or the CKD Components Supplier designated by the Company), the production capacity of the Group.

The consideration payable by the Group will be settled through the internal resources of the Group.

Reasons for and benefits of entering into the CKD Components Agreement

The Directors (other than the independent non-executive Directors whose views will be provided after taking into account the views of the independent financial adviser) consider that the entering into of the CKD Components Agreement provides the Group with an alternative source of CKD Components and an additional income source, and that (i) the terms of the CKD Components Agreement and the Transactions contemplated thereunder are in the ordinary and usual course of business of the Group, on normal commercial terms and no less favourable to the Group than those of independent third parties, and (ii) the terms of the CKD Components Agreement, the Transactions contemplated thereunder and the corresponding Proposed Annual Caps are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Internal control measures

To ensure that the Transactions contemplated under the CKD Components Agreement will be conducted in accordance with the terms of the CKD Components Agreement, on normal commercial terms or better, and in accordance with the pricing policy of the Company, the Group has adopted the following internal control measures to monitor the Transactions contemplated under the CKD Components Agreement:

A selection committee comprising, among others, staff from planning and the production department, has been set up by the Company to identify and recommend suitable suppliers of CKD Components to the Company. As part of the selection process, when the Group procures CKD Components, at least two quotations will be sought from independent third party manufacturers for comparison and only the quotation with the most favourable terms will be selected. Whereas for supply transactions, the Group's sales team will make sure that the selling prices for the CKD Components are determined in accordance with the Group's pricing policy and also make reference to the market price offered by industry counterparts for similar type of products.

In addition, all individual contracts for the sale and purchase of the CKD Components will be notified to the finance department of the Group, who keeps a record of connected party transactions and controls the amount of such transactions. Periodic inspections of the internal control system of the Group will also be conducted by the management of the Company to ensure that the Transactions conducted under the CKD Components Agreement will be conducted in accordance with the terms of the CKD Components Agreement, on normal commercial terms or better, and in accordance with the pricing policy of the Company.

(2) CNC MACHINE TOOLS AGREEMENT

Date:

26 May 2017

Parties:

- (1) The Company; and
- (2) Taiwan FF

Summary of principal terms:

(A) *Condition precedent*

The CNC Machine Tools Agreement is subject to and conditional upon the approval of the CNC Machine Tools Agreement, the Transactions contemplated thereunder and the corresponding Proposed Annual Caps by the Independent Shareholders at the EGM in accordance with the Listing Rules.

In case where the condition precedent cannot be fulfilled on or before 14 July 2017 (or a later date as agreed between the Company and Taiwan FF), the CNC Machine Tools Agreement shall be terminated, and, except in relation to any default occurred prior to such termination, none of the parties shall have any rights or remedies against the other thereunder.

(B) *Term of the CNC Machine Tools Agreement*

The CNC Machine Tools Agreement is for a term of three years commencing from the Effective Date unless (i) earlier terminated by either party by providing to the other party with two months' prior termination notice provided that such termination notice shall not be given within the six months prior to the expiry of the term of the CNC Machine Tools Agreement, and (ii) in case a party is in breach of any provision of the CNC Machine Tools Agreement, and fails to remedy such breach within a reasonable grace period allowed by the non-defaulting party as stipulated under the written notice of such breach given by the non-defaulting party, the latter may terminate the CNC Machine Tools Agreement or any Transactions thereunder, without prejudice to its rights to other compensations and legal remedies.

(C) *Details of the Transactions under the CNC Machine Tools Agreement*

Pursuant to the terms of the CNC Machine Tools Agreement, the Group (or the CNC Machine Tools Purchaser designated by the Company) may purchase from the Taiwan FF Group (or the CNC Machine Tools Seller designated by Taiwan FF), which shall, upon receiving the former's request, sell the Designated CNC Machine Tools to it on an exclusive basis. Further, the Group (or the CNC Machine Tools Purchaser designated by the Company) has the right to sell such Designated CNC Machine Tools in the Sales Region on an exclusive basis, and the Taiwan FF

Group (or the CNC Machine Tools Seller designated by Taiwan FF) shall authorize the CNC Machine Tools Purchaser to sell such Designated CNC Machine Tools in the Sales Region on an exclusive basis.

The Company may designate any member of the Group as the CNC Machine Tools Purchaser, and Taiwan FF may designate any member of Taiwan FF Group as the CNC Machine Tools Seller to perform and shall procure those parties to perform the Transactions under the CNC Machine Tools Agreement in accordance with its terms. The Company and Taiwan FF shall undertake and be responsible for the performance of any such Transactions entered into by its respective designated parties. The Company or Taiwan FF shall obtain the prior written consent of the other party if the designated parties are non-members of the Group or of the Taiwan FF Group. The Company (or its designated CNC Machine Tools Purchaser) shall have the sole discretion to determine, according to actual circumstances, whether to source from Taiwan FF (or its designated CNC Machine Tools Supplier) any CNC Machine Tools or the quantity of which to be so sourced.

(D) *Delivery and payment arrangements*

For the purpose of any Transactions under the CNC Machine Tools Agreement, the CNC Machine Tools Purchaser shall send the purchase notice to the CNC Machine Tools Seller specifying, among others, the quantity and delivery time of the Designated CNC Machine Tools required 90 days prior to the requested delivery date. Upon receipt of the purchase notice, the CNC Machine Tools Seller shall issue a price quotation to the CNC Machine Tools Purchaser, which shall conform with the pricing policies as agreed under the CNC Machine Tools Agreement, within 7 days. The price quotation will become effective and binding upon the written confirmation of the CNC Machine Tools Purchaser. All Transactions under the CNC Machine Tools Agreement shall be made in accordance with the terms of the CNC Machine Tools Agreement and the aforesaid price quotation. Where there are conflicts between the terms of the CNC Machine Tools Agreement and the terms of the price quotation, the former shall prevail. The CNC Machine Tools Purchaser shall settle 90% of the relevant payment for the Designated CNC Machine Tools before delivery of the same, with the remaining 10% to be settled after completion of inspection of the relevant Designated CNC Machine Tools by the CNC Machine Tools Purchaser (but in any event no later than 6 months after the relevant Designated CNC Machine Tools arrived at the port designated by the CNC Machine Tools Purchaser).

(E) *Price determination*

The price of the Designated CNC Machines Tools to be purchased by the CNC Machine Tools Purchaser under the CNC Machine Tools Agreement is to be determined by reference to:

- (i) the price quotation for the same type of Designated CNC Machine Tools (to be updated quarterly during the term of the CNC Machine Tools Agreement, or to be updated in other reasonable intervals as agreed between the Company and Taiwan FF) publicly provided by the CNC Machine Tools Seller to its third party customers independent of the CNC Machine Tools Seller; or

- (ii) in the event that the CNC Machine Tools Seller is unable to determine the price quotation of the Designated CNC Machine Tools on the basis stipulated in (i) above for any reason, the reasonable costs incurred by the CNC Machine Tools Seller in producing the relevant Designated CNC Machine Tools plus the sales margin adjusted or determined with reference to (a) or (b) below:
 - (a) the historical price quotation of the same type of Designed CNC Machine Tools previously provided by the CNC Machine Tools Seller to its third party customers independent of the CNC Machine Tools Seller; or
 - (b) failing (a) above, the price quotation of similar Designated CNC Machine Tools offered by third party manufacturers independent of the CNC Machine Tools Seller provided that reasonable adjustments may be made to such price quotation taking into account factors including the difference in the sales region of the Designated CNC Machine Tools, whether aftersales services would be provided and whether discounts would be offered due to increase in sales volume.

For the avoidance of doubt, the Group (or the CNC Machine Tools Purchaser designated by the Company) will only purchase the relevant Designated CNC Machine Tools from the CNC Machine Tools Sellers designated by Taiwan FF on terms no less favourable to the Group (or the CNC Machine Tools Purchaser designated by the Company) than those which the Group (or the CNC Machine Tools Purchaser designated by the Company) would have obtained from independent third party manufacturers. The Group will not confirm any price quotation which does not meet such criteria.

(F) Others

Taiwan FF has agreed that:

- (i) any Designated CNC Machine Tools requested and purchased by the CNC Machine Tools Purchaser from the CNC Machine Tools Seller under the CNC Machine Tools Agreement are to be sold under the designated brands owned or permitted to be used by the Group from time to time;
- (ii) where the Taiwan FF Group has sufficient production capacity, it will assist the Group by producing and supplying other CNC Machine Tools (not being specified under the CNC Machine Tools Agreement on the date of signing of the CNC Machine Tools Agreement) to the Group in accordance with the reasonable instructions and designated production specifications provided by the Group, for the purpose of sale by the Group of such CNC Machine Tools to the Sales Region. However, the Group shall only request the Taiwan FF Group to produce such CNC Machine Tools specified under this provision on its behalf in case where the Group reasonably considers that the capacity of its own production of the relevant CNC Machine Tools is insufficient or requesting the Taiwan FF Group to produce the same on its behalf is more beneficial to the Group;

- (iii) the Group is entitled to request the Taiwan FF Group to supply the Group with any other CNC Machine Tools sold by the Taiwan FF Group (not being specified under the CNC Machine Tools Agreement on the date of signing of the CNC Machine Tools Agreement) for the purpose of sale by the Group of such CNC Machine Tools in the Sales Region. Taiwan FF shall use its best endeavour to procure the supply of such CNC Machine Tools by the CNC Machine Tools Seller to the Group in accordance with the terms of the CNC Machine Tools Agreement, and the Group shall have priority in acquiring such CNC Machine Tools from the CNC Machine Tools Seller over other customers of the CNC Machine Tools Seller. However, the Group shall only purchase such CNC Machine Tools specified under this provision in case where the Group reasonably considers that the capacity of its own production of the relevant CNC Machine Tools is insufficient or requesting the Taiwan FF Group to supply the same is more beneficial to the Group;
- (iv) the CNC Machine Tools Seller will not at any time supply or sell any Designated CNC Machine Tools to any parties within the Sales Region other than the CNC Machine Tools Purchaser. In the event that the CNC Machine Tools Seller receives requests from any parties other than the CNC Machine Tools Purchaser for the CNC Machine Tools Seller to supply or sell any Designated CNC Machine Tools in the Sales Region, Taiwan FF shall notify and procure the CNC Machine Tools Seller to notify the CNC Machine Tools Purchaser. The CNC Machine Tools Seller shall not enter into or agree to any supply or sales arrangements or agreements in respect of these sales requests. The Group is entitled to request and Taiwan FF shall procure the CNC Machine Tools Seller to notify the parties which intend to purchase the Designated CNC Machine Tools in the Sales Region to consider purchasing such CNC Machine Tools from the Group directly. This undertaking will continue in effect after the termination of the CNC Machine Tools Agreement; and
- (v) for the avoidance of doubt, the CNC Machine Tools Seller shall not request, require, direct, induce or compel the CNC Machine Tools Purchaser to purchase any Designated CNC Machine Tools from it by any means, and the CNC Machine Tools Seller shall supply the Designated CNC Machine Tools to the CNC Machine Tools Purchaser only upon the receipt of purchase notices issued by the CNC Machine Tools Purchaser under the CNC Machine Tools Agreement.

Historical transaction amounts and Proposed Annual Caps

The historical transaction amounts in respect of the purchase of the Designated CNC Machine Tools between the Group (or persons designated by the Company) and the Taiwan FF Group (or persons designated by Taiwan FF) under the Former CNC Machine Tools Agreement were as follows (in RMB million):

	27 June 2014 to 31 December 2014	1 January 2015 to 31 December 2015	1 January 2016 to 31 December 2016	1 January 2017 to 31 March 2017
Relevant financial periods				
Historical transaction amounts	9.499	30.384	97.588	54.986

During the term of the CNC Machine Tools Agreement, it is projected that the annual aggregate amounts payable by the Group (or the CNC Machine Tools Purchaser designated by the Company) shall not exceed the Proposed Annual Caps in respect of each of the relevant financial periods, the details of which are as follows (in RMB million):

	Effective Date to 31 December 2017	1 January 2018 to 31 December 2018	1 January 2019 to 31 December 2019	1 January 2020 to 3 years from the Effective Date
Relevant financial periods				
Projected Proposed Annual Caps	311.750	596.845	809.087	582.593

Basis of determining the Proposed Annual Caps

Each of the projected Proposed Annual Caps in relation to the Transactions under the CNC Machine Tools Agreement was determined after taking into account factors that include the following:

- (i) the positive performance of the Group's CNC Machine Tools business during 2016;
 - For the year ended 31 December 2016, the Group's sales revenue from the CNC Machine Tools business increased by approximately 13.1% as compared to 2015.
- (ii) the Group's view on the positive market outlook of the Designated CNC Machine Tools industry during the term of the CNC Machine Tools Agreement;
 - Sales revenue of the Group's CNC Machine Tools business recorded a remarkable growth of 70% during the first quarter of 2017 compared with the same period in 2016.
 - During 2015, the Group has acquired interests in companies which principally engaged in the development, manufacturing and/or sale of high-end machine tools (the "Associates"), allowing the Group to advance in the areas of high-quality machine tools production and intelligent manufacturing. During the year ended 2016, sales of high-end CNC Machine Tools accounted for approximately 8.7% of the sales revenue from the Group's CNC Machine Tools business. It is currently expected that there will be a strong market demand for high-end CNC Machine Tools during the term of the CNC Machine Tools Agreement.
 - The Group anticipates that the PRC will continue to be the largest machine tools consuming country and the demand of machine tools, especially high-end CNC Machine Tools, would continue to increase during the term of the CNC Machine Tools Agreement.
- (iii) the volume of demand indicated by historical transactions; and
 - The Group's actual transaction amount under the Former CNC Machine Tools Agreement for the three months ended 31 March 2017 has reached approximately 73% of the half-year annual cap for the six months ending 30 June 2017. As the demand for the CNC Machine Tools is high and it is believed that such demand will continue to rise, a larger annual cap is necessary.
- (iv) the potential fluctuations in the estimated costs of producing the Designated CNC Machine Tools.

The consideration payable by the Group will be settled through the internal resources of the Group.

Reasons for and benefits of entering into the CNC Machine Tools Agreement

The Directors (other than the independent non-executive Directors whose views will be provided after taking into account the views of the independent financial adviser) consider that the entering into of the CNC Machine Tools Agreement provides the Group with an alternative source of CNC Machine Tools and may enlarge the Group's customer base in the Sales Region. The Group will have the choice of sourcing under the CNC Machine Tools Agreement or other third party suppliers in accordance with its procurement procedures. Under the CNC Machine Tools Agreement, Taiwan FF can only supply CNC Machine Tools to the Group or the CNC Machine Tools Purchasers designated by the Company at the Group's request and shall not approach any customers in the Sales Region directly.

Save for the independent non-executive Directors whose views will be provided after taking into account the views of the independent financial adviser, the Directors consider that (i) the terms of the CNC Machine Tools Agreement and the Transactions contemplated thereunder are in the ordinary and usual course of business of the Group, on normal commercial terms and no less favourable to the Group than those of independent third parties, and (ii) the terms of the CNC Machine Tools Agreement, the Transactions contemplated thereunder and the corresponding Proposed Annual Caps are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Internal control measures

To ensure that the Transactions contemplated under the CNC Machine Tools Agreement will be conducted in accordance with the terms of the CNC Machine Tools Agreement, on normal commercial terms or better, and in accordance with the pricing policy of the Company, the Group has adopted the following internal control measures to monitor the Transactions contemplated under the CNC Machine Tools Agreement:

When there is a need to purchase CNC Machine Tools, the selection committee comprising, among others, staff from the sales teams and the production department, will identify and recommend suitable suppliers to the Company. As part of the selection process, at least two quotations will be sought from independent third party manufacturers for comparison and only the quotation with the most favourable terms will be selected.

In addition, all individual contracts for the sale and purchase of the CNC Machine Tools will be notified to the finance department of the Group, who keeps a record of connected party transactions and controls the amount of such transactions. Periodic inspections of the internal control system of the Group will also be conducted by the management of the Company to ensure that the Transactions conducted under the CNC Machine Tools Agreement will be conducted in accordance with the terms of the CNC Machine Tools Agreement, on normal commercial terms or better, and in accordance with the pricing policy of the Company.

INFORMATION ON THE GROUP AND TAIWAN FF GROUP

The Company is an investment holding company and its subsidiaries are principally engaged in the design and production of CNC Machine Tools, design and construction of three-dimensional car parking garage structures and design and assembling of forklift trucks.

Taiwan FF Group is a conglomerate in Taiwan and have investments in a wide range of businesses such as the production of CNC Machine Tools, three-dimensional car parking garage structures, electric forklift trucks, construction machinery, power tools, elevators, door drums, printed circuit boards, aviation parts, conducting pastes for solar cell, laser equipment for solar cell, LED lighting, magnesium alloy machining, testing equipment for PCB touch-sensing panels and testing equipment for semiconductor LED wafer.

LISTING RULES IMPLICATIONS

Taiwan FF is an associate of Hong Kong GF, the controlling shareholder of the Company, and therefore, Taiwan FF is a connected person of the Company under the Listing Rules. The Transactions under the Agreements will be carried out in the ordinary and usual course of business of the Group and are expected to continue and extend over a period of time. The Transactions therefore respectively constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules.

As both Agreements are entered into by the Company with Taiwan FF, the continuing connected transactions contemplated under the CKD Components Agreement and the CNC Machine Tools Agreement will be aggregated for consideration under the Listing Rules and will be classified according to the larger of the supply transaction or the procurement transactions. For the supply transaction with Taiwan FF under the CKD Components Agreement, the highest applicable percentage ratio based on the Proposed Annual Caps thereof is less than 5%. For the two procurement transactions with Taiwan FF under the Agreements, the highest applicable percentage ratio based on the Proposed Annual Caps thereof, on an aggregated basis, exceeds 25% with an annual consideration of over HK\$10 million, which are larger than the supply transaction. Accordingly, the Transactions under the Agreements will be classified according to the higher applicable percentage ratio of the procurement transactions, and all of the Agreements, the Transactions and the Proposed Annual Caps thereunder will be subject to the reporting, annual review, announcement, circular (including independent financial advice) and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules. Hong Kong GF, Sunward Gold Global Investments Limited (a company held as to approximately 72.22% by Mr. Chu) and any of their respective associates will abstain from voting in relation to the resolutions approving the Agreements, the Transactions contemplated thereunder and the corresponding Proposed Annual Caps at the EGM.

An Independent Board Committee has been established to advise the Independent Shareholders in relation to the terms of the Agreements, the Transactions contemplated thereunder and the corresponding Proposed Annual Caps. Altus Capital Limited has been appointed as the independent financial adviser to advise the Independent Board Committee and Independent Shareholders in this respect.

A circular containing, among others, details of (i) the terms of the Agreements, the Transactions and the Proposed Annual Caps thereunder; (ii) the respective letters of advice from the Independent Board Committee and Altus Capital Limited; and (iii) a notice convening the EGM is expected to be despatched to the Shareholders on or before 16 June 2017.

DEFINITIONS

In this announcement, unless otherwise indicated in the context, the following terms shall have the meanings set out below:

“Agreements”	the CKD Components Agreement and the CNC Machine Tools Agreement
“associate(s)”	has the meaning ascribed to it under the Listing Rules
“Board”	means the board of Directors

“CKD Components”	CKD is the short form and acronym for Complete Knock Down, and CKD components are the major components required to assemble and manufacture CNC Machine Tools
